

Kai, Tour Guides!

Now we all know it may be a bit boring being inside all day, so why not get imaginative and create a whole day out from your own front room?

The City Bus Tour usually takes us around KidZania, introducing all the tourists and citizens to the various establishments we have

Created for ages **4-14**

in the city. But what if you were in charge?

If you could get your hands on The City Bus for one whole day, where would you take us?

Take us anywhere you'd like! Use the map print out to create your own route. Where will we start? Where will we end up? What will we see along the way?

Use your memory, your imagination and anything else you can think of to design your map.
