

Kai Kals!

We're sure you've heard by now that there's something going on in KidZania this summer...

Join us down the rabbit hole and tumble into the magical, upside-down world of Wonderland! All the citizens of KidZania and all the creatures of the forest have come together to prepare for the event of the year – The Queen of Hearts' Garden Party! We at Mission Wraps have been appointed as the chief caterers for the Queen herself! It's a huge responsibility, and we need some help. Do you reckon you have what it takes to join our team?

Your task :

We need you to create some amazing recipes that not only taste delicious, but look ZaZ!

The Queen is very strict, and she wants her party to be talked about for years to come, so we must deliver the best snacks she's ever seen! Using the Mission Deli Wraps, what can you design?

Hearts playing card

Need some inspiration? Using an adult's help and supervision, why not use a cookie cutter to carve out little hearts from the Mini Wrap? Then cut the Original Wrap into a rectangle and create your own playing card! Add some strawberry jam to your design to give it a super sweet taste!

Clock face

Maybe you could make a clock? Layer one Mini Wrap over the Original Wrap and cover it in houmous or cheese. Use any veggie you like to create the numbers on the clock face!

TOP TIP!

Write the numbers as roman symbols as these are much easier to cut out!

'Eat Me' and 'Drink Me'

In Wonderland Alice grows to the height of a house, but then shrinks to the size of a mouse! Why not recreate the biscuits she eats by piping 'Eat Me' and 'Drink Me' onto different sized wraps? These could be sweet, using chocolate sauce or savoury using cream cheese!

Show off your tea-party treats by tagging us on social media with @KidZaniaLondon and see what else the Queen has in store by following #KidZaniaMissionWrapsAtHome.
