

WELCOME!

Here's some helpful information to make the most of your 4-hour visit!

CHECK-IN

You're about to check-in at KidZania International Airport, here you will receive:

Security Bracelets - These are issued to everyone visiting the city and ensure your child remains safe and checks out with you.

When you arrive at check-in, please let us know of any allergies, medical conditions, disabilities or other needs your child may have. INSIDE THE CITY

YOU HAVE LANDED IN THE CITY - NOW WHAT?

- On average children complete between 4-6 activities during their 4-hour experience. Once your child has chosen an activity, remind them to stay in the queue so they don't lose their space! Our Zupervisors are happy to provide wait times and more information about the activities.

- Look out for these information panels outside each activity! Here you can find out about the job role, salary/charge and the duration of each activity.

- Activities on the Upper Level of our city will open 1-hour after we open (times may vary). Some activities will open at specific times so make sure you check outside the activity for more information.*
- Food and drink can be purchased on site. All food and drink areas require Pound Sterling payment (not kidZos!).
- Buggy storage and lockers are available inside the city. Our lockers are cash only and start from £3. Please make sure you have exact change!

REMEMBER:

KidZania is a city for kids, therefore only children are allowed to queue for our activities - Pushing in or saving spaces for children that are NOT in the queue is NOT permitted.

*Please note that some activities may have changed or closed for refurbishment on the day of your visit.

TOP TIPS

1 Pick a meeting place!
Meet here for lunch and before you check-out. We recommend the fountain at the entrance of the city or the town square!

2 Visit the Job Info Centre at the entrance of the city! Here you will find screens that display the amount you will earn or pay for the activities.

3 We encourage to earn and save, then spend later so look out for those quick jobs you can earn more kidZos on.

4 Download our map and use it while you explore the city! Figure out what activities you are most interested in and plan your time in advance.

5 Our Picture Air photographers are on site to capture your child's day. Visit by their store when you check-out!
